The 2012 CTSA Consortium Steering Committee (CCSC) Meeting
October 10-11, 2012
Rockville Hilton Hotel, Rockville, MD – Plaza Ballroom

For Web Participants: https://student.gototraining.com/r/5334407451429305600
For Telephone-Only Participants: Toll-free: 1 877 568 4109, Toll: +1 (484) 589-1017, Access Code: 965-430-710

Wednesday, October 10, 2012 (DAY ONE)

8:00 – 8:30 AM  Registration

8:30 – 8:35 AM  *Welcome
Henry Ginsberg and Bradley Evanoff
CTSA Consortium Steering Committee Co-Chairs

8:35 – 9:05 AM  NCATS Leadership Update
Chris Austin, Director, NCATS
Josie Briggs, Acting Director, DCI, NCATS

9:05 – 9:25 AM  New Opportunity to Collaborate with the NIH Clinical Center
John Gallin, Director, NIH Clinical Center
Fred Ognibene, Deputy Director, Educational Affairs and Strategic Partnerships, NIH Clinical Center

9:25 – 9:45 AM  UDP (Undiagnosed Diseases Program) Presentation
Cynthia Tifft, Director of Pediatric UDP, NHGRI

9:45 – 10:15 AM  CTSA Coordinating Center Update
Gordon Bernard, PI, CTSA Consortium Coordinating Center

10:15 – 10:40 PCORI-Innovative Opportunities to integrate with CTSAs
Anne Beal, COO, PCORI

10:40 – 11:00 AM  BREAK

11:00 – 12:00 PM  Strategic Goals and Milestones; Moving Forward in 2013
SGC 1-Dr.Heubi;  SGC 2-Dr. Toto; SGC 3-Dr. Shekhar, followed by Q & A

12:00 - 12:05 PM  ASBMR-CTSA Partnership Planning Award
Eric Orwoll,

12:05 – 12:45 PM  LUNCH
Buffet available outside of meeting room for attendees to bring lunch back to the general session room. You may purchase a lunch voucher throughout the morning.
CTSA Highlights of the Year; Communications KFC – Year in Review Winners (best communications examples from across the consortium)

12:45 – 1:25 PM  Strategic Goals and Milestones; Moving Forward in 2013
SGC 4-Dr. Selker;  SGC 5-Dr. McClain, followed by Q & A

1:25 – 1:45 PM  Response to IOM Report: “Implementing a National Cancer Clinical Trials System for the 21st Century”
James H. Doroshow, MD Director, Division of Cancer Treatment and Diagnosis, NCI
1:45 – 2:25 PM  
**Examples of novel pilot programs to stimulate inter/multidisciplinary research Part 1**  
Speakers:  
1) **Harry Greenberg** (Stanford)-Biodesign Program  
2) **Bruce Cronstein** (NYU)-NYU-HHC CTSA Pilot Program  
3) **Dan Cooper** (UCI) UCI Pilot program  
4) **Thomas Mellman** (Howard) Georgetown/Howard Universities Center for CTS  
Moderators: CCSC Co-Chairs

2:25 - 2:45 PM  
**Strategic Goals and Milestones; Moving Forward in 2013**  
CC-CHOC Leadership, followed by Q & A

2:45 – 3:00 PM  
**BREAK**

3:00 – 5:00 PM  
**BREAKOUT SESSIONS**

<table>
<thead>
<tr>
<th>Location</th>
<th>3:00-4:00PM</th>
<th>4:00-5:00PM</th>
</tr>
</thead>
<tbody>
<tr>
<td>TBD</td>
<td><strong>How can CTSA best support rare disease and undiagnosed disease areas</strong> (Are there national infrastructural ideas that can be developed and tested?)</td>
<td><strong>Participant Recruitment initiatives</strong> (Learn about national initiatives as well as local successes and how they can best be utilized at your CTSA.)</td>
</tr>
<tr>
<td>TBD</td>
<td><strong>NIH Liaison program planning</strong> (Build on current relationships and create new opportunities to best support the NIH I/Cs with infrastructure)</td>
<td><strong>Changes in NCATS and how that affects the consortium’s overall goals</strong> (How to work together to meet the NCATS objectives with the existing (or new) Strategic Goals)</td>
</tr>
<tr>
<td>TBD</td>
<td><strong>Building capacity for pragmatic clinical trials-Distal Translational Efforts T2 to T4</strong> (Maintaining rigorous study designs while investigating interventions in the setting in which they will ultimately be used is critical; this breakout will draw from comparative effectiveness research, statistics, informatics, and implementation science efforts to define national improvements in Pragmatic Clinical Trials infrastructure.)</td>
<td><strong>CTSA Consortium Discussion: Developing multi-site collaborations of Investigators, Developing, Sustaining, and Facilitating</strong> focusing on opportunities for building dynamic collaborations that would support the rapid, efficient, development of CTSA supported teams)</td>
</tr>
<tr>
<td>TBD</td>
<td><strong>Radical (less expensive) new ways to do CTR-outside of RCT/ Data mining of existing electronic health records</strong> (RCTs are the gold standard but are there other designs that could be leveraged to answer some hypotheses. Determining whether a national network of EMRs could feasibly be formed for some types of valid large-scale, efficient research and what technical infrastructure would be required, among other requirements</td>
<td><strong>CTSA Program Income models</strong> (Hear from those who have been successful at implementing this new standard)</td>
</tr>
<tr>
<td>TBD</td>
<td><strong>Accelerating Innovation / Public Private Partnerships- Part One</strong> (Hear about opportunities and methods to enhance these relationships as success stories from other sites.)</td>
<td><strong>Accelerating Innovation / Public Private Partnerships-Part Two</strong> (Discuss opportunities for the CTSA to support drug repurposing initiatives.)</td>
</tr>
<tr>
<td>TBD</td>
<td><strong>Metrics 2.0, standardizing CTSA measurement/measuring process</strong> (Update from the Evaluation F2F to discuss high-level metrics for clinical research, with an emphasis on clinical trials)</td>
<td><strong>Moving Beyond Bean Counting: Measuring the Impact of the CTSA on Science and Health</strong> (Looking at short, intermediate, and long term outcomes of impact of the CTSA and discussing how to assess the causal relationship)</td>
</tr>
</tbody>
</table>
5:00 – 6:00 PM  Reception and Awards Ceremony
*Light refreshments available during sessions
The Clinical and Translational Science Awards (CTSA) is a registered trademark of DHHS

Thursday, October 11, 2012 (DAY TWO)

8:00 – 8:05 AM  *Welcome
Bradley Evanoff and Henry Ginsberg
CTSA Consortium Steering Committee Co-Chairs

8:05 – 8:50 AM  Examples of novel pilot programs to stimulate inter/multidisciplinary research Part 2
1) Anantha Shekhar (IU)-Using Project Development Teams (PDTs) mode
2) Henry Ginsberg(Columbia) • Collaborative and Multidisciplinary Pilot Research (CaMPR)
3) Perry Halushka (MUSC)-Scientific Retreats
4) Tom Pearson-(Rochester), Dan Cooper (UCI), James Heubi (Cincinnati)-Collaborative Pilot Project Review Process
Moderators: CCSC Co-Chairs

8:50 – 9:40 AM  Impactful unique function a CTSA has found successful-10 min each
• Katherine Ruiz De Luzuriaga (UMass)- highlight several new and ongoing programs that bring diverse groups from across the UMass system together.
• Barry Coller (Rockefeller)-Navigation Function, Recruitment Function, and/or Research Hospitalist Function
• Harry Greenberg (Stanford)-Clinical sample collection and processing for immune monitoring
• Gordon Bernard (Vanderbilt)-Pub and Grant matching

9:40 – 10:00 AM  BREAK

10:00 – 11:00 AM  NIH I/C updates: reviews of partnerships with select I/Cs and future opportunities
• Susan Shurin, Deputy Director, NIH/NHLBI
• Walter Koroshetz, Deputy Director, NIH/NINDS/NeuroNext
• Greg Germino, Deputy Director, NIH/NIDDK

11:00 – 12:00  Best of breed technical tools from the CTSA Tool Shop Series (top 4)
• Graduate Tracking Survey System (GTSS)-Rockefeller (Barry Coller)
• CORES-Vanderbilt (Gordon Bernard)
• OpenSESAME-Boston University (David Center)
• HUB-UCSF (Bill Balke)

12:00 – 1:00 PM  Impactful unique function a CTSA has found successful-10 min each
• Henry Ginsberg (Columbia)- Reach for the First R01. Establishment of the Comparative Effectiveness Research (CER) Studio
• Tom Pearson (Rochester) UNYTE Translational Research Network
• Mat Gregoski (MUSC)-MUSC CTSA Mobile Technology Initiative (MTI)
• Lee Nadler (Harvard)- Open-I
• Joel Tsevat-(Cincinnati)- Community Leaders Core
Moderators: CCSC Co-Chairs

1:00 - 1:05 PM  Remarks
Josie Briggs, Acting Director, DCI, NCATS

1:05 – 1:30 PM  LUNCH
Buffet available outside of meeting room for attendees to bring lunch back to the general session room. You may purchase a lunch voucher throughout the morning.

CTSA Highlights of the Year: Communications KFC – Year in Review Winners (best communications examples from across the consortium)

1:30 – 2:30 PM  Feedback from the breakout sessions and other topics
Moderators: CCSC Co-Chairs
3:15 – 3:30 PM  Wrap-Up & Adjourn

Moderators: CCSC Co-Chairs Elect

*Light refreshments available during sessions
The Clinical and Translational Science Awards (CTSA) is a registered trademark of DHHS

October 2012 CCSC F2F Planning Committee Members:

CTSA: Brad Evanoff, Henry Ginsberg, Curtis Lowery, Bruce Cronstein, Gary Rosenthal, Harry Greenberg, Dan Cooper, Barry Coller, Ron Sokol, Clay Johnston, Gordon Bernard

NCATS: Dan Rosenblum, Mary Purucker, Andrea Sawczuk
